PRESENTATIONS

Huang, S. & Eastwick, P. (2017, April). *Effects of interaction context and ideal trait preferences on friendship formation*. Talk presented at UC Davis's annual Undergraduate Research Conference, Davis, CA.

Huang, S. & Eastwick, P. (2017, April). *Flings and rings: In what ways do people's shortest relationships resemble their longest relationships?*. Poster presented at the annual conference of the Western Psychology Association, Sacramento, CA.

Huang, S. & Eastwick, P. (2017, January). *Flings and rings: In what ways do people's shortest relationships resemble their longest relationships?*. Poster presented at the annual conference of the Society for Personality and Social Psychology, San Antonio, TX.

Huang, S., Hu, A., & Balcetis, E. (2016, July). *Just out of reach: How healthy eating goals influence perceptions of temptations*. Talk presented at the NYU Diversity Summer Student Research Conference, New York, NY.

RELEVANT EXPERIENCE

- 2015 – 2017 Attitudes and Group Identity Lab, University of California, Davis
PI: Alison Ledgerwood
Lab Manager
- Hired, trained, and coordinated research assistants
 - Acted as a mediator between research assistants and graduate students, as well as PI Alison Ledgerwood
 - Handled lab administrative duties: composed and submitted IRB modifications and renewals, created/edited Qualtric surveys, launched MTurk studies
- 2016 – 2017 Attraction and Relationships Research Lab, University of California, Davis
PI: Paul Eastwick
Research Assistant
- Created and submitted IRB protocols
 - Developed Qualtrics surveys to launch on MTurk
 - Independent project with Dr. Eastwick and Dr. Ledgerwood; *Effects of interaction context and ideal friend preferences on friendship formation*
 - Independent project with Dr. Eastwick focusing on short-term and long-term relationships; *Flings and rings: In what ways do people's shortest relationships resemble their longest relationships?*
- 2017 PSC 51: Relationship Science, Paul Eastwick,
University of California, Davis
Undergraduate Teaching Assistant
- Proctored exams; organized scantrons
 - Answered student questions
- 2015 – 2016 PSC 151: Social Psychology, Alison Ledgerwood,
University of California, Davis
Undergraduate Teaching Assistant

- Proctored exams; organized scantrons
- Held review sessions before exams
- Answered student questions
- Inputted data from class assignments

- 2016 NSF REU: NYU Center for Behavioral Statistics and the Study of Motivated Perception, New York University
PI: Emily Balcetis & Tessa West
Intern
- Led a team of interns on a research project regarding the effects of motivated perception and social support on healthy eating
 - Worked on multiple research projects
 - Ran studies in public parks and in the lab
 - Collected, inputted, and analyzed data
 - Participated in research skills workshops
 - Presented a talk at the NYU Diversity Summer Student Research Conference
- 2015 – 2016 YouEye
Crowd Coder
- Coded sentiment and behavioral responses in interview videos based on a set of specified codes
- 2015 – 2016 Social Cognition Lab, University of California, Davis
PI: Jeffrey Sherman
Research Assistant
- Ran studies in the lab, using Medialab and Psychopy
 - Coded participant responses to questionnaires
- 2014 – 2015 Dynamics in Psychological Science Lab, University of California, Davis
PI: Emilio Ferrer
Research Assistant
- Conducted literature reviews regarding dyads (emergence of dyadic interactions, development of dyadic interactions, methodology in studying and analyzing dyadic interactions, etc.)
 - Summarized articles found in weekly reports
 - Attended lab meetings (Fall 2014, Fall 2015-Present)
- 2013 – 2014 Tech Startup Research Project, University of California, Davis
PI: David Orzechowicz
Research Assistant
- Assisted with the development of app Go Bold.ly by accomplishing weekly tasks based on a sociological topic (mainly focused on friendship formation)
 - Conducted literature reviews on friendship formation, looking for research that could be applied in the app
 - Attended weekly lab meetings with PI and project group focused on analyzing information gathered in relation to the app
