

POINT REYES LIGHT

The Pulitzer Prize-winning Point Reyes Light, located in coastal Marin County, Calif., is open to interns interested in joining our small newsroom.

We are a family-owned, weekly print newspaper covering the environmental, agricultural, cultural and civic life of coastal Marin's rural communities, located an hour north of San Francisco. We seek team members with strong research and writing skills, a commitment to fairness and accuracy, verve, resilience and a willingness to work hard.

Applicants must be able to live West Marin, own a car and work at least 30 hours a week in our newsroom. Please send a resume, references, cover letter and clips to Tess Elliott at editor@ptreyeslight.com.
